Chinese Sacred Lily.

This is the favorite winter-blooming bulb.

The bulbs I supply are the true large-flowering variety from the Yang River. Take no others. They give from five to twelve spikes, which bear clusters of large, perfect, waxy-white blossoms, with a yellow center, and of a powerful and delightful fragrance. They grow well in pots of soil, but the most popular way of blooming them is the Chinese method: Fill a bowl with pebbles, in which place the bulb, setting it about one-half its depth, so that it will be held firmly, then fill with water to the top of the pebbles and place in a warm, sunny window. The bulb will at once commence a rapid growth and bloom in three or four weeks. The bulbs are so large, and have so much vitality, they can be kept perfectly dry all winter and planted a month before flowers are desired.

These bulbs bloom very well in the open ground, but their greatest value is for winter blooming. After blooming during winter, they should be planted in the open

ground as early as possible in the spring. **Price of extra large bulbs, by mail, postpaid, 12c. each, 3 for 30c., 6 for 50c.**

Why Not Buy Your Flowers OF A WOMAN?

Bulbs and Seeds for Winter and Spring Blooming.

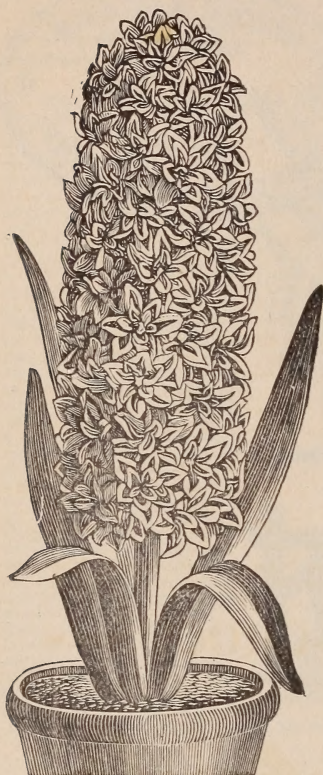

All these **grow easy** and bloom sure and quick. **THESE PRICES ARE BY MAIL—POSTAGE PAID.** You can send me postage stamps or money in registered letters. Address all orders and communications to

PHEBE J. MARSHALL,

Dutchess County.

HIBERNIA, NEW YORK.

— HYACINTHS —

Six Finest Named Single Hyacinths.

AMY—Tall spike, medium size bell; deep bright red shaded lighter; very fine. 10c., 85c. doz.

CHARLES DICKENS—Tall, large spikes and large bells; light blue inside, darker outside. 10c., 85c. doz.

FLEUR D'OR—Small spike, quite compact, fair size bell; light lemon-yellow. One of the best single yellows. 10c., 85c. doz.

MADAM HODSON—Pink, carmine stripe; superb. 8c., 75c. doz.

NORMA—Grand spike of gigantic bells, delicate blush shaded with pink; most beautiful. 8c., 75c. doz.

ROBERT STEIGER—Tall, compact truss, good shape, and crimson-red flowers. 8c., 75c. doz.

SINGLE HYACINTHS—All Colors Mixed.—75c. doz., \$4.75 per 100.

ROMAN HYACINTHS.

This is very early and easy to bloom. Pure white, very graceful spikes, of delightful fragrance. 4c., 40c. doz., 100, \$3.

Nothing can ever take the place of this old favorite, either for the house in winter or for early spring blooming outside. Nothing can equal the deep fragrance and immense spikes of this lovely flower.

HOW TO MAKE THE BULBS FLOWER.

For Glasses.—Fill the glass with water so the bulb nearly touches; place in a dark, cool place until the roots grow into the water, then bring gradually into light and heat.

For Pots.—Pot the bulbs so the top of the bulb is just covered with earth. Then place pots outside covered three inches with dirt until you have had a good hard freeze.

For Planting in Beds.—Plant three inches deep, six inches apart, not later than November 10; cover the bed with litter, which remove early in the spring.

THREE FINEST NAMED DOUBLE HYACINTHS.

A LA MODE—Tall, loose spike. Flowers large, very double. Light porcelain blue striped with dark blue. 10c., 85c. doz.

CZAR NICHOLAS—Clear delicate rose; early 8c., 75c. doz.

LA TOUR D'AUVERGNE—Large spike, very large bell, of pure waxy whiteness; very early bloomer. 12c., \$1.00 doz.

DOUBLE AND SINGLE MIXED—Extra fine. 70c. per doz., \$4.50 per 100. My Mixed Hyacinths are not ordinary stock, but fine, large bulbs which will give magnificent bloom either in the house or garden.

DOUBLE HYACINTHS—All Colors Mixed 75c. per doz., \$4.75 per 100.

ROMAN HYACINTH.

SINGLE TULIPS.

LA CANDEUR—Pure white, very large. 3c., 30c. doz. Double.

REX RUBRORUM—Deep scarlet; splendid. 4c., 40c. doz. Double.

TULIPS.

Planted in beds in the fall, these produce the most gorgeous display in early spring of any flower. Treat them like hyacinths to bloom in the house.

SINGLE VARIETIES.

CHRYSOLORA—Extra large and fine; bright yellow. 4c., 36c. doz.

J. VAN DELFT—A lovely pure white. 4c., 36c. doz.

KEISER KROON—Very large, of striking beauty; inside pure yellow, with a large circular band of scarlet; outside the petals are scarlet, bordered with clear yellow; lovely. 4c., 36c. doz.

YELLOW PRINCE—Bright yellow, large and very showy. 4c., 36c. doz.

Splendid Single Mixed Varieties of all Colors—20c. doz.; by express, \$1.00 per 100, \$9.00 per 1000.

DOUBLE VARIETIES.

GLORIA SOLUS—Scarlet, edged yellow, fine. 4c., 36c. doz.

YELLOW ROSE—Large, brilliant yellow. 4c., 40c. doz.

Fine Mixtures of Double Varieties—Doz. 20c.; by exp., \$1 per 100, \$9 per 1000.

Allium Neapolitanum.

A grand bulb for winter blooming. Its graceful clusters of pearl-white blossoms lasting so long make it most desirable for bridal bouquets and decorations. Plant 3 to 6 bulbs in a five-inch pot and you will have a beautiful object for fully a month in winter. Sure to bloom and will be greatly admired. 3 for 5c., 12c. per doz.

~CROCUS~

Plant during the fall; they bloom the first thing in the spring. Also will bloom in the house during

CROCUS.

winter. **Extra Fine Mixed Crocus of all Colors**, select bulbs, 10c. doz., 50c. per 100.

SNOWDROPS

SINGLE &
DOUBLE

Are the first flowers to greet us in the spring, their drooping and snow-white blossoms appearing early in March. Are splendid for house culture in pots; they bloom Christmas.

SNOW-DROPS—
Single. 2c., 3 for 5c., 15c. doz.

SNOW-DROPS—
Double. 2c., 3 for 6c., 20c. doz.

ELWESII—
A giant Snow-drop. Is very large and fine. 3c., 3 for 7c., 25c. doz.

Glory of the Snow.

One of the most lovely hardy flowering spring plants, producing spikes of lovely azure blue flowers, with pure white centers. It is one of the earliest of all flowers, blooming before the Crocus. For winter blooming this bulb is also lovely, far surpassing Scilla Siberica. Strong home-grown bulbs 3c., 3 for 10c., 12 for 30c.

GLORY OF THE SNOW.

CANNA STAR OF '91.

Canna Star of '91.

THE EVER-BLOOMING CANNA—A very dwarf Canna, which will show bloom every day in the year, often as large as a man's hat, and of the most intense fiery scarlet color, rayed and bordered with pure gold, is a novelty of an entirely new departure. As a pot plant for blooming, both summer and winter, this Canna is a novelty. The enormous panicles of flowers which are borne continually even on plants only a foot or two in height and in small pots, is, indeed, marvelous, and the intense color of the blossoms make such plants objects of the most effective beauty. The finest of all winter-blooming plants, and as a garden flower nothing can surpass it. Fine roots 15c. each, 3 for 30c.

Dwarf Calla Little Gem.

The great value of this over the common Calla Lily lies in its dwarf habit and freedom of bloom. It rarely exceeds 12 inches in height and blooms most abundantly. The flowers are not more than half the size of the common variety, and therefore can be used with telling effect in bouquets. It is in every way superior as a house plant to the larger growing variety.

Strong blooming plants 20c., 3 for 50c.

Ethiopica (Lily of the Nile).

Superb white flowers, produced for many months in succession; the bulbs are nearly hardy. I have large bulbs in the best condition for winter blooming. 10 and 25c. each, according to size.

BLACK CALLA.

LITTLE GEM CALLA.

New Black Calla.

A magnificent variety, with very large flat tubers, resembling those of the well-known tropical Caladiums. The wavy and very large leaves are of a rich green color; the flowers are enormous, fully a foot in length and broad; color clear coal-black, so intense that it really shows a brilliancy, and as may well be imagined, it is a flower of the most striking oddity and beauty. The bulbs are large and should be potted in the fall, and when growth commences, set in a window. Fine bulbs, 25c.

BROOKLYN, N. Y., October 23, 1895.

PHERR J. MARSHALL—Dear Madam: I write to tell you I received my Chinese Lilies in fine condition. They are the finest bulbs of it I ever had. I will take pleasure in handing your catalogue to many of my friends. Yours,

Mrs. M. TAYLOR.

209 Livingston St., Brooklyn, N. Y.

MONTEREY, MASS., October 21, 1895.

PHERR J. MARSHALL: I am much pleased with the Bulbs, which are received in good condition. I will distribute all of the catalogues among friends where I think they will do the most good, and I think you will hear from them. Respectfully,

Mrs. HENRY WOODS.

Monterey, Mass.

PARISIAN MIXED.

SPARAXIS.

... IXIAS ...

A small bulb for pot culture and winter blooming. Spikes are eight inches long, of dazzling and brilliant colors. A cheerful and beautiful flower. All colors mixed. 3 for 5c., 12 for 15c.

BUTTERCUP OXALIS.

SPARAXIS.

The colors and habit very much like the *Ixias*, only the flowers are more open and larger, colors are very bright. Plant some of each by all means. 3 for 5c., 12 for 15c.

... OXALIS ...

Make the most beautiful hanging pots and baskets, producing a mass of flowers all winter, which in beauti-

IXIAS.

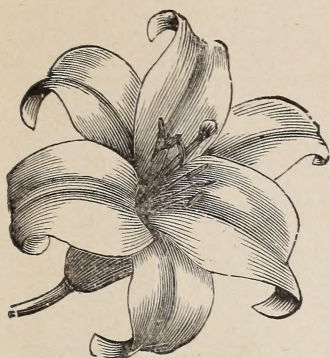

ful colors, are truly charming. Winter-blooming Oxalis are **always sure to please**. Plant five or six bulbs in a six-inch pot. They commence growth immediately after planting, and need not be set away to form roots like most other bulbs. They bloom during the entire winter.

MULTIFLORA ALBA—Is pure white. 3c., 25c. doz.

BOWEI—Deep pink; large, robust, and fine. 3c., 24c. doz.

BUTTERCUP—Bright yellow; large flowers in large clusters; magnificent. 4c., 40c. doz.

Bermuda Easter Lily

LILIUM CANDIDUM.

Large, pure white, trumpet-formed flowers of great beauty and fragrance; as a winter-bloomer nothing can surpass it. Plant in six to eight-inch pots of good soil and treat like other winter-blooming bulbs. It is impossible to describe the charming beauty of this Lily as a pot plant. 6c. each, 60c. per doz.

Extra large Bulbs 12c. each.

ANNUNCIATION LILY.

(Lilium Candidum.)

This glorious Lily produces from 6 to 30 lovely waxy-white blossoms, which have the most delightful fragrance of all Lillies. It is one of the most charming winter flowers, and sure to bloom freely. Treat same as Bermuda Easter Lily. Strong bulbs, 8c. ea., 75c. per doz.

FREESIAS

A class of bulbs splendidly adapted for winter blooming, and are, I believe, to-day the most popular winter-blooming bulbs. They are always sure to succeed and bloom elegantly for anyone in any situation, and the great beauty and fragrance of the flowers are everywhere admired, almost as no other winter bloomer is. The blossoms or buds when cut and placed in vases of water will keep perfect two weeks. In pots they commence blooming early and continue for a long time.

I have taken special pains to secure the largest and best bulbs.

REFRACTA ALBA—The most popular sort; pure white and sweet. Selected bulbs, 4c. each, 30c. per doz.

FREESIA REFRACTA ALBA.

BERMUDA EASTER LILY.

THIS catalogue is **very inexpensive**, do not hesitate to ask for as many as you would care to distribute, and with them I will send seeds enough to at least repay the postage you expend in asking for them. These very low prices are **not** made at the expense of quality. I feel sure that you will find both—quality and price—to compare favorably with those of other dealers.

.. Many-Flowered Narcissus ..

FOR WINTER BLOOMING.

VON SION (Double Daffodil)—Deep golden yellow; large and fine. 3c., 30c. doz. (2)

TRUMP'T MAJOR (Single) — Beautiful large trumpet flower fine yellow. 6c., 60c. doz. (3).

PAPER WHITE—The large blossoms are pure white, are borne in clusters, and very fragrant, and can be had in bloom in December. For winter blooming it is one of the most valuable. 5c., 60c. doz.

DOUBLE ROMAN —The new double Polyanthus or Roman Narcissus is a great beauty and particularly well adapted for winter blooming. Color is white, with yellow center; its fragrance is delicious. 6c., 60c. doz. (1).

JONQUILS.

These charming little golden beauties of the Narcissus group should be grown in masses. (4 and 5).

Single—4c., 30c. doz.

Double—4c., 30c. doz

Seeds for Window Culture

It is well to sow the seed in pots or boxes at any time and cover with glass until they germinate. I find it better to start the seed in the fall.

MARGUERITE CARNATION—This perpetual blooming Carnation flowers from seed in 3 months. The flowers are magnificent, very large, solid colors of deep, velvety black and shades of pink; the white is splashed with crimson, variegated and bizarre. Packet 4c.

Marguerite Carnation.

ABUTILON—Fine mixed, has splendid leaves and beautiful bell-shaped flowers. Pkt. 10c.

COLEUS—Choicest new sorts, mixed. Pkt. 10c.

CYCLAMEN PERSICUM—A fine winter bloomer. Pkt. 10c.

NASTURTIUM (Dwarf)—Dark foliage. Large bright blossoms Pkt. 4c.

ALYSSUM—Sweet white flowers Pkt. 3c.

DIANTHUS SINENSIS—Chinese Pink. Pkt. 2c.

Sweet Alyssum.
